## CERTIFICATE OF ANALYSIS

Product: BPX - Extract DNA/RNA Extraction Kit  
Product Number: KNAE1-1000  
Lot Number: KNAE10122023-1000  
Date of Manufacture: 2023-10-12  
Expiration Date : 2024-10-12

| Test                                     | Specification | Result       |
|------------------------------------------|---------------|--------------|
| <b>Lysis/ binding solution</b>           |               |              |
| pH                                       |               | Pass         |
| Density                                  |               | Pass         |
| Refractive index                         |               | Pass         |
| <b>Wash Solution</b>                     |               |              |
| pH                                       |               | Pass         |
| Density                                  |               | Pass         |
| Refractive index                         |               | Pass         |
| <b>Elution buffer</b>                    |               |              |
| pH                                       |               | Pass         |
| Conductivity                             |               | Pass         |
| Nuclease activity                        |               | Not Detected |
| Human DNA contamination by real time PCR |               | Not Detected |
| <b>Magnetic Beads</b>                    |               |              |
| Bead size                                |               | Pass         |
| Size distribution                        |               | Pass         |
| <b>Cell Lysis Enzyme</b>                 |               |              |
| Activity                                 |               | Pass         |
| Nuclease                                 |               | Not Detected |
