

Safety Data Sheet

Proteinase K 20 mg/ mL

SECTION 1: Identification

Product name	Proteinase K 20 mg/ mL
Product number	S-PROK-20MG-1
Brand	BioPathogenix

Recommended use of the chemical and restrictions on use

This product is for research use only. Not for diagnostic procedures.

Supplier's details

Name	BioPathogenix
Address	120 Dewey Dr STE 126 Nicholasville, KY 40356 USA

Telephone	(859) 444-5660
-----------	----------------

Emergency phone number	Monday through Friday 9 am to 5 pm EST (859) 444-5660
------------------------	--

SECTION 2: Hazard identification

Classification of the substance or mixture

GHS classification in accordance with: OSHA (29 CFR 1910.1200)

- Sensitization, respiratory, Cat. 1

GHS label elements, including precautionary statements

Pictogram

Signal word	Danger
-------------	--------

Hazard statement(s) H334	May cause allergy or asthma symptoms or breathing difficulties if inhaled
-----------------------------	---

Precautionary statement(s)

Safety Data Sheet

Proteinase K 20 mg/mL

P261	Avoid breathing dust/fume/gas/mist/vapors/spray.
P284	[In case of inadequate ventilation] wear respiratory protection.
P304+P340	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P342+P311	If experiencing respiratory symptoms: Call a POISON CENTER/doctor/...
P501	Dispose of contents/container to ...

SECTION 3: Composition/information on ingredients

Hazardous components

1. Proteinase K

Concentration	20 mg/ mL
EC no.	254-457-8
CAS no.	39450-01-6

SECTION 4: First-aid measures

Description of necessary first-aid measures

General advice	Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.
If inhaled	If breathed in, move person into fresh air. Use barrier to give mouth-to-mouth resuscitation. Get immediate medical advice/attention.
In case of skin contact	Wash off with soap and plenty of water. Consult a physician.
In case of eye contact	Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.
If swallowed	Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

Most important symptoms/effects, acute and delayed

H334- May cause allergy or asthma symptoms or breathing difficulties if inhaled.

Indication of immediate medical attention and special treatment needed, if necessary

May cause sensitization in susceptible persons. Treat symptomatically.

SECTION 5: Fire-fighting measures

Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemicals or carbon-dioxide.

Specific hazards arising from the chemical

No data available.

Special protective actions for fire-fighters

Standard procedure for chemical fires.

Further information

No data available.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

Avoid contact with skin, eyes or clothing.
Ensure adequate ventilation.
Use personal protective equipment as required.

Environmental precautions

Do not let product enter drains.

Methods and materials for containment and cleaning up

Soak up with inert absorbent material.

Reference to other sections

For disposal see section 13.

SECTION 7: Handling and storage

Precautions for safe handling

Ensure adequate ventilation. Avoid contact with skin, eyes or clothing. Use personal protection equipment. See section 8 for more information.

Conditions for safe storage, including any incompatibilities

Keep containers tightly closed in a dry, cool and well-ventilated place. Recommended storage temperature -20 °C

Specific end use(s)

Research use only. No for use in diagnostic procedures.

SECTION 8: Exposure controls/personal protection

Control parameters

CAS: 39450-01-6 (EC: 254-457-8) Proteinase K

Appropriate engineering controls

Ensure adequate ventilation especially in confined areas.

Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection

Wear safety glasses with side shield.

Skin protection

Handle with gloves. Inspect the gloves prior to use. Use proper glove removal technique to avoid skin contact with this product. Dispose of the contaminated gloves after use in accordance with applicable laws.

Body protection

Wear suitable protective clothing.

Safety Data Sheet

Proteinase K 20 mg/mL

Respiratory protection

In case of insufficient ventilation wear respirators and components tested and approved under appropriate government standards.

SECTION 9: Physical and chemical properties and safety characteristics

Physical state	Liquid
Appearance	No data available
Color	No data available
Odor	No data available
Odor threshold	No data available
pH	No data available
Melting point/freezing point	No data available
Boiling point or initial boiling point and boiling range	No data available
Flash point	No data available
Evaporation rate	No data available
Flammability	No data available
Lower and upper explosion limit/flammability limit	No data available
Vapor pressure	No data available
Relative vapor density	No data available
Density and/or relative density	No data available
Solubility	No data available
Partition coefficient n-octanol/water (log value)	No data available
Auto-ignition temperature	No data available
Decomposition temperature	No data available
Kinematic viscosity	No data available
Explosive properties	No data available
Oxidizing properties	No data available

Particle characteristics

No data available

Supplemental information regarding physical hazard classes

No information available.

Further safety characteristics (supplemental)

No information available.

SECTION 10: Stability and reactivity

Reactivity

No information available.

Chemical stability

Stable under normal conditions.

Possibility of hazardous reactions

No data available.

Conditions to avoid

No data available.

Incompatible materials

No data available.

Safety Data Sheet

Proteinase K 20 mg/mL

Hazardous decomposition products
None under normal use conditions.

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity

No data available.

Skin corrosion/irritation

No data available.

Serious eye damage/irritation

No data available.

Respiratory or skin sensitization

No data available.

Germ cell mutagenicity

No data available.

Carcinogenicity

No data available.

Reproductive toxicity

No data available.

Summary of evaluation of the CMR properties

No data available.

STOT-single exposure

No data available.

STOT-repeated exposure

No data available.

Aspiration hazard

No data available.

Additional information

No data available.

SECTION 12: Ecological information

Toxicity

No data available.

Persistence and degradability

No data available.

Bioaccumulative potential

No data available.

Mobility in soil

Safety Data Sheet

Proteinase K 20 mg/mL

No data available.

Results of PBT and vPvB assessment

No data available.

Endocrine disrupting properties

No data available.

Other adverse effects

No data available.

SECTION 13: Disposal considerations

Disposal methods

Product disposal

Dispose of in accordance with local regulations. Contact a licensed professional waste disposal service to dispose of this material.

Packaging disposal

Dispose of as unused products.

Waste treatment

SECTION 14: Transport information

IATA/ ADR/ DOT-US/ IMDG

Not classified as dangerous in the meaning of transport regulations.

SECTION 15: Regulatory information

Chemical Safety Assessment

This product has been classified in accordance with the hazard criteria of the Controlled Product Regulations (CPR) and the SDS contains all the information required by the CPR.

Safety Data Sheet

Proteinase K 20 mg/mL

Issue date: 05-11-2022

Revision data:

Version# 1

Disclaimer:

The information in this SDS is provided in good faith based on our knowledge as of the issue date (or subsequent revision date, if any), and is to be used only as a guide. All materials and mixture may present unknown hazards and should be used with caution. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text. BioPathogenix will not be liable for any damages resulting from handling or contact with the product.
